- Let's read about what Imam Ali A.S. has said about how Allah SWT has created the Earth.

# the creation

He made the creation  
without any example and  
without the advice of a counsel  
or the assistance of a helper.

(Sermon 155)

# the earth

He created the earth and  
suspended it,  
retained it without support,  
made it stand without legs,  
and raised it without pillars.

(Sermon 185)

# the winds

He brought out the creation  
by His power  
and made the winds blow  
With His compassion.  
(Sermon 1)

# *the night*

Praise be to Allah when the night  
falls and darkens,  
and praise be to Allah  
when the stars shine and set.

(Sermon 48)

# the moon

Then He decorated the heavens  
with the stars and the light of the  
meteors and set the shining sun  
and the bright moon in an orbit  
that rolls around.

(Sermon 1)

# the sun

Look at the sun and the moon, the plants and the trees, the water and the stones, at the alteration of day and night, the gush of the oceans, the great number of the mountains and the height of their peaks, at the difference of languages and the variety of tongues.

(Sermon 185)
